

New premises, New address, New approach!

We are very pleased to announce the moving of SODENA to new premises in Marly le Roi, France.

Training room

SODENA is now located in a nice suburb close to the "Château de Versailles", 20 km away from Paris. We invite you to our new and modern place to cooperate and to get a better service.

Our new meeting room may host a training session or a big conference (up to 80 people) and help us organise such events as European projects meeting.

Please note our New Address:
